

WORLD LEADERSHIP DAY 2009

Theme: **'Beyond the Surface'**

For Immediate Release

Wellington, Australia

Wellington Council in partnership with Elisabeth Gortschacher, Wellington Development Inc Director Events and Cultural Activities proudly invites you - people from all walks of life - to join our vibrant 2009 World Leadership Day (WLD) Celebration on March 21 in Wellington, NSW.

WLD, originating in Wellington, is a global grass-root leadership initiative that recognizes, engages and cultivates the natural (innate) leadership in every person. Since its inception less than two years ago, World Leadership Day www.worldleadershipday.org has a presence on every continent and is rapidly seen as the platform that lights up the innate leader in every person.

WLD 2009 - celebrated concurrently in 12 countries around the world - is a day of celebration that connects the hearts and minds of people across gender, generations and cultures in a common purpose of creating a world we want to live in - a world where we honor and respect each other and our planet. It's a day of celebration where we put the flood-lights on personal leadership and heighten people's awareness of the greatness and creativity that lies dormant in every person ready to be discovered.

WLD 2009 is a significant day in Wellington's history in the making. Wellington will rapidly become known around the world as the place of origin of WLD attracting people to our yearly WLD Celebrations and further expanding its presence as an attractive tourist destination.

Our vision for Wellington and our region is to become the World Leader in Personal Leadership Development within 3-5years. This will further transform Wellington's economic landscape combining vibrant learning experiences with tourism and the emergence of new industries.
